

**REMARKS**

This Supplemental Amendment is filed to correct an error in Claim 1 presented in the Amendment filed February 24, 2011.

For reasons not clearly presently understood, the word “capacitive” was inserted in line 2 of Claim 1 but it should have been inserted in line 1, after “A” to modify the word “touchpad”. These changes are set forth in this Supplemental Amendment. No other changes to the claims have been made.

Respectfully submitted,
